TAX SURVEY ASKED BY U. S. ON BUILDING

A ten year tax survey showing average of collections for the county has been submitted to the Government as a part of the plan to obtain a records building for Milam county.

It was said Monday night at the Chamber of Commerce meeting that the record for a ten year period shows the county tax payers are responsive to collections giving the county a good record.

It was announced that the Government will be asked to construct the building and lease it to Milam county. The period of time proposed is from 20 to 35 years.

It will be necessary for the county to set aside out of tax money sufficient funds for principal and interest to be paid each year, the same as with bond issues or warrants. At the end of the lease period the building would become the property of the county.

So far the Commissioners Court has taken no definite action in the matter other than an expression of desire to see the building constructed. The court would have to make the contract and supply the funds.

Sheriff Blaylock Hurt While Feeding at Jail

A large wire food basket thrown to him by a negro trusty from the second floor of the jail Wednesday resulted in injury to Sheriff Leonard Blaylock. A loose prong of wire on the basket penetrated his knee and bruised the leg. After distributing the food to the prisoners the baskets were tossed to the sheriff on the ground floor. The injury was said to be painful but not serious.

Mrs. S. M. Corley Writes About Trip to Century of Progress

Mr. and Mrs. L. J. Fuchs, Mr. and Mrs. R. P. Lehman, Mrs. S. M. Corley and son, Seth Newton, Misses Mary and Naomie Walschak and Miss Adeline Geistman have returned from Chicago where they were guests at the Century of Progress.

Many friends who are interested have been inquiring about the trip and for the benefit of those who are thinking of going this is written. First one should know what there is both at the fair and city to see, then decide what they wish to spend their time and money seeing. The tickets on these excursions are limited, and if one does not carefully plan before going one is apt to see very little and decide there is nothing to the fair and return disappointed.

The Century of Progress is indeed most wonderful. It is both interesting and educational. One meets and talks with people from all parts of the world and there are many, many interesting sights. It would require entirely too much space to mention everything to be seen at this fair. The guide book is quite a large book with pages and pages describing what to see, where and how. Some (See MRS. CORLEY on page 4)

with murder and robbery

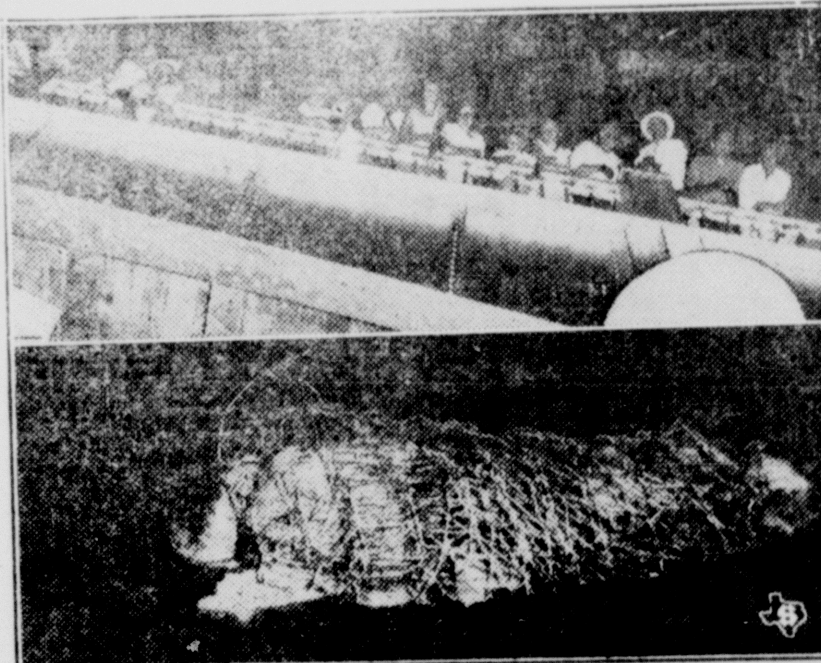

M. T. Howard of Handley
Charged with mail robbery and
Murder

M. B. Howard of Dallas
Charged with mail robbery and
Murder

A crime ring probably surpassing any other organization in the annals of Texas crime history has been unearthed at Fort Worth in the search for the bodies of three missing men, Jack Sturdivant, Harry Rutherford and J. B. Rutherford. The finding of three sets of blood-stained clothing and later the horribly mutilated bodies of the three men, enmeshed in only a hog wire net for a shroud, eventually led to the arrest of four men charged with the murder. Investigations also solved the mystery of the \$71,000.00 mail truck robbery at Fort Worth last February, the same four men and one other being arrested and charged with that crime. Thousands of dollars worth of narcotics were found in the home of O. D. Stevens near Handley, which has been headquarters of a big drug ring, and headquarters of the men murdered and other men indicted. Police say Stevens was head of this ring and "Master Mind" of the mail robbery.

Three Murdered Men in Hog Wire Coffin

The lower photograph shows the bodies of the three men brutally murdered in Fort Worth last week, shortly after they were found in the Trinity river near the First street bridge. The upper photograph shows a crowd on the bridge, just before the horribly mutilated corpses were hoisted 75 feet from the river to the bridge. Police say the bodies were cut and battered in an effort to prevent identification. The men killed were Jack Sturdivant, 24, of Eula; Harry Rutherford, 28, of Dallas, and his brother, J. B. Rutherford, 30, of Dallas.

One Third County's Acreage In Cotton is Offered to Plow; 2511 Contracts are Signed

By R. C. ALLEN
Special Assistant to County Agent

Milam County received 2511 offers from growers showing the following facts: That these growers planted 137,308 acres to cotton in 1933 and offered to plow up 44,549 acres. The acreage to be plowed up amounts to 32.4 per cent of the total acreage planted to cotton.

The estimated 1933 yield is 164 pounds per acre, so this will retire approximately 14,850 bales of cotton or about 25 per cent of the estimated 60,000 bale yield for 1933 for Milam county.

The actual lint yield on these 2511 farms amounted to an average of 153 pounds of lint cotton per acre for the year 1932. The county's average for the past five years amounts to 146 pounds per acre.

The total cash payment taken by the farmers without the option amounted to \$397,211.00. Add this to the amount of \$115,463.00, which represents the total cash payment with the option, and the total is \$512,674.00.

There was an option taken on 4577 bales of cotton. On Tuesday's night closing market each bale represented a profit of \$30.00 to the grower, above the price he was to pay the government for the cotton. This profit of \$137,310.00 added to the \$512,674.00 to be paid under the two option plans amounts to \$649,984.00 for the 44,549 acres that will be plowed up. This represents an average price of \$14.50 per acre or approximately 9 cents per pound based (See ALLEN on page 4)

Summer Clearance Sale At Cheeves Brothers

Annual July Clearance Sale at Cheeves Brothers is announced this week. The sale covers all departments of the big store and the price reductions are unusual. The sale is an annual event at the store to make ready for receipt of fall merchandise now being purchased in the markets.

In this issue will be found announcement of the July Clearance.

Ed. Junek Sells First Bale of 1933 Cotton For 12.25

Milam County's first bale of 1933 cotton was ginned in Cameron Saturday afternoon by Ed. Junek and the bale was auctioned bringing 12.25 per pound. The bale was bought by D. H. Slaughter. It weighed 471 pounds and classed strict middling.

The cotton was raised on the Kahler farm west of Cameron near Ad Hall. The first bale in 1932 was ginned on July 29 and brought 8 cents per pound.

The bale was weighed at Chas. Walzel cotton yard. It was ginned at the Don Slocumb gin.

On Monday morning Mr. Walzel and Mr. Slocumb circulated a premium list and the bale netted Mr. Junek more than \$100.

Continued dry weather has matured cotton early this year and by next week the movement of the crop will be under way. A short crop is forecast for the county due to the drouth. Lack of moisture prevents upland cotton from maturing properly and the production will be small this year.

The annual yield for the county is around 60,000 bales. With approximately 60,000 acres contracted to the Federal Government to be plowed under it is believed that the 1933 crop will total not more than 30,000 bales.

New Commissioner

E. C. Brand of Sweetwater has been appointed state banking commissioner. Here we show him at his desk in Austin as he began work. He inherits all the dictatorial powers over the Texas banking system conferred by the Federal emergency banking laws made during the bank holiday period.

ALABAMA AND ARKANSAS VOTE AMEND. REPEAL

A wet wedge was driven into the heart of the dry south Tuesday when voters in Alabama and Arkansas voted for repeal of the 18th amendment.

Tennessee, another of the traditionally dry states, votes on proposed repeal today. Oregon will vote Friday. Arizona, Missouri, Texas and Washington vote in August.

The vote in Alabama based on Wednesday returns was almost 2 to 1 for repeal. In Arkansas repeal was leading by about 20,000 majority.

Thirty-six states must ratify before repeal of the 18th amendment is accomplished.

All states desiring to remain dry may do so even though the national amendment is repealed, the rights of states being inherent in these matters.

TRIBUTE IS PAID TO COMMISSIONER FUCHS

It is with sad heart that I pay tribute of respect and affection to the memory of my friend, Herman A. Fuchs, for nearly nine years a member of Milam county Commissioners' Court from Precinct No. 1, which includes a large area of the finest lands but a long mileage of roads difficult to maintain to the satisfaction of the people of Milam county. The great concourse of people attending his funeral Sunday, July 16, 1933, attested the high esteem in which Commissioner Fuchs was held and the success he had attained in their service. It is said the richest possession a person may acquire is the confidence, respect and esteem of friends and neighbors. He had these in a large degree and his personality will be enshrined in the memory of a large circle of friends.

Herman A. Fuchs was born in Burton, Washington county, Texas, on February 1, 1873 and his early (See TRIBUTE on page 4)

COMMISSIONERS COURT ORDERS REFERENDUM

A local option election for Milam county was ordered by the Commissioners' Court at its meeting last Thursday. The voters of the county will determine whether beer will be legally sold in the county.

By a previous election held in December of 1917 the county voted dry and the election was necessary if beer is to be sold in the county. The election will be held on Saturday, August 26.

Local option elections will be necessary in all precincts that voted dry by local option elections prior to the enactment of the prohibition amendment.

H. A. FUCHS IS BURIED IN BUCKHOLTS SUNDAY

H. A. Fuchs, 60, pioneer resident of Milam county and Commissioner for Precinct No. 1 for 8 years, died at the family residence near Buckholts at 4 a. m. Saturday, July 15, 1933, from heart attack.

He had been in declining health for about three months and had suffered a number of heart attacks. For more than a month he was unable to be up and had spent a part of that time in the hospital in a vain effort to regain his health. While his condition was known to be serious, his death came as a distinct shock to hundreds of friends throughout the county.

Mr. Fuchs was born at Burton in Washington county in 1873 the son of pioneer German parents who early settled that region of Texas. He had been a resident of Milam county for many years. He was appointed county commissioner in 1924 by Judge Kemp to fill out unexpired term of J. H. Reaves, resigned. He had been elected successively to the office and was serving his fourth term.

Suit In Court Delays Construction of Road With State Waiting

A suit pending in court for some time without disposition, has stopped plans for construction on highway No. 77 and 44 in Milam county, it was disclosed by Secretary Cobb at the Monday night meeting of the Chamber of Commerce.

John E. Blair, district engineer for the Highway Commission, told the secretary that the state is ready and waiting on Milam county to get the right of way tangle out of the way.

An underpass of the Santa Fe was discussed and also location of the right of way from Elm Creek to the City limits.

DuBois Wins Verdict In Magnolia Suit

J. H. DuBois, former agent here for the Magnolia Petroleum Company, was given a verdict in the District Court here last week, the jury awarding him in excess of \$4000. He had entered suit against the Magnolia Petroleum Company alleging breach of contract. He asked for \$10,000 damages.

It was said the Company would appeal the case to the court of civil appeals.

NEGRO HOUSE BURNS

Fire at 9:30 Tuesday night destroyed a two-room negro home in Frog Town. The loss was complete with no insurance to cover.

Awards Made at Milam 4-H Club Encampment

A 4-H Club encampment for the clubs of this county was held at Wayside Inn on Friday, with six clubs, Sharp, Corinth, Davilla, Friendship, Minerva and Marlow represented out of the nine 4-H clubs of the county.

In the food preservation contest, Miss Stephanie Kuzel of Corinth won first place and a scholarship to the short course at A. & M. College.

Miss Lydia Schroeder of Sharp won the second place and Edith Kleiber of Corinth, 3rd. Fourth place was won by Ruth Jennings of Davilla.

COMETS LOSE GAME AT ROSEBUD SUNDAY

The Cameron Comets met defeat by a wide margin Sunday afternoon when they invaded Rosebud for their game. The final score was twelve to three.

Unk Young started the game in the box but was replaced by Ducky Sumrall with one out in the sixth inning. Three errors were chalked up against the Comets while Rosebud made but one. Three home runs were made during the game, one by Bressler, one by Franklin and one by McDonald. Sumrall and Jenness got two hits each.

The loss of the game set the Comets back in the league leadership. Rosebud has played and won two more games than the Comets. These two teams will likely be in the elimination race after August first. From present indications the four teams who will be in the playoff will be Rosebud, Cameron Comets, Temple Surgeons and Sparks.

A pinch of snuff, a sneeze and E. A. Griswold, 84, of Dallas, was able to see again. For 50 years he roamed the country, blind and homeless after typhoid took away his wife and children and left him sightless. It may deprive him of his job, as he has sold pencils for years.

Payment For Cotton Acreage Leased Due In Near Future

WASHINGTON—A new cotton production control program to cover next year's crop and possibly that of 1935 took form today as farm administrators heartened by the response of cotton growers to this year's plan moved ahead with their plans along the whole farm front.

Formal activity in drafting the new cotton program will begin as soon as distribution of about \$100,000,000 to more than 700,000 farmers in 16 states has been completed. The bulk of these payments for agree-

ments to cut the output of farms of this year's growing crop from 25 to 50 per cent will be finished in three weeks; in two months the job will be complete.

Producers and representatives of the cotton industry will be consulted in drafting the new plan but it was reported by authoritative sources that administrators already have come to an agreement on many fundamentals.

The chief of these is that they intend to employ the principle of the voluntary domestic allotment plan as far as possible with a prospect of another campaign this fall to obtain agreements from growers to cut next year's crop and giving Secretary

Wallace an option to require those agreeing to make a substantial reduction again in 1935.

Begin Taking Cardui Today If You Suffer Like This Lady Did

"WHEN I was a girl, I began taking Cardui," writes Mrs. Maggie Stanfield, of Crandall, Ga. "I was very irregular for twelve months. Nothing did me very much good until my mother began to give me this medicine. Then I got all right, stout and well."
"After I was married, I was in bad health. I began taking Cardui again. I was troubled with my back a lot. Was awfully restless. I could not sleep well. I just weighed 90 pounds when I began taking Cardui. I improved rapidly. Before long I weighed 126 pounds. I felt fine. I was able to do a good day's work."

TROOP NO. 52

J. A. Lindle, Scoutmaster

Troop No. 52 held their meeting Friday night under the leadership of "Shorty" Matula, their assistant scoutmaster, who took charge during the scoutmaster's absence. Nearly all the scouts were present and also a few visitors. The meeting was opened with the scout oath and law. A business discussion followed in which the various activities were discussed, one of which was a "stunt night" which is to be held in the next meeting. Patrol meeting was then held in which the boys studied signaling.

After the patrol meeting the assistant scoutmaster reviewed the boys on their signaling. All the boys gave a very good account of themselves. The meeting was closed by singing taps, a song which the Troop has used to close many ceremonious occasions and which brings back many happy memories of scouting in the past. The troop deeply regretted the absence of their fellow scout "Ju-Ju" Matocha at this meeting. He has been in the hospital for a week but will soon return home.

The Troop's baseball team played the Marlow team at Marlow Sunday the 9th. The game went for 12 innings for a 16 to 16 tie. Marlow will return the game on the 23rd. Last Sunday the boys were intending to play Tracy on the home diamond, which is situated across from the Bohemian Hall, but the Tracy team failed to appear. They hope to play this game some time soon.

Mr. and Mrs. R. L. Batte Jr. and son, Garland, and Earl Elliott returned home on Thursday of last week from a several week's vacation tour of various states, including a visit to the Century of Progress and World's Fair at Chicago. They report a very pleasant and delightful trip.—Thorndale Champion.

Fight Is Made On Ginning Price Raise Proposed In Code

Montgomery, Ala.—A fight on national cotton ginner's code and its reported price of \$7.50 a bale for ginning was launched here today by Seth P. Storrs, commissioner of agriculture, who termed the price "absolutely unreasonable."

Storrs called upon commissioners of agriculture in every cotton producing state to meet him at Washington and protest to Hugh S. Johnson, industrial administrator.

Declaring that ginner's charged only \$5 a bale when cotton sold for 10 cents a pound, Mr. Storrs declared the reported price of \$7.50 a bale was "absolutely unreasonable."

Aged Confederate Who Refused to Take Oath Not To Fight U. S. Again Is Dead At Dallas Home at the Age of 92 Years

WACO—Louis Cotton Moore, one of the 375 members of the McMullen colony at Waco, which refused to take an oath after the Civil War that he would not bear arms against the north, was dead in Dallas Saturday, according to a United Press dispatch.

The aged Confederate veteran, who came to the United States from Scotland and who left the land of his adoption to remain three years in South America because of the oath-taking demand, died in Dallas last night. Moore claimed 101 years, but a relative revealed today after his death that he was 92 years old.

Moore was 17 when he landed at Galveston with his parents. Teams and supplies were bought for the party to make an overland trip to the California gold fields. After proceeding as far as Waco the trip was abandoned and Moore's father bought a cotton plantation.

Moore moved to Dallas 40 years ago and once amassed a fortune in the contracting business. Moore recently he has been penniless, living from a pension and earning a slim income by peddling pencils.

Each birthday he has received a quart of fine whiskey from an unknown friend in Scotland. These birthday parties were gay affairs, for he called cronies of Confederate army days and old-timers of Dallas, Corpus Christi and Waco together and they slowly sipped the beverage and talked of old times. He was buried at Dallas after funeral services Saturday.

Mrs. Viola Rosenberg of Austin is a guest in the home of Mr. and Mrs. Lou Meyers.

Sluggers Take One From Ben Arnold

Although the Cameron Sluggers have been eliminated in the Cen-Tex League they gave Ben Arnold a set back Sunday afternoon at the Lawless Green Field by winning the first game in the play off series.

The score was four to three and the Sluggers fought an up hill fight from the very start to the end. Dad Reimer was on the mound for Ben Arnold with C. Buffington behind the plate.

Pete Bean traded positions with Hobson and held the hard hitting Bengals to eight scattered hits.

Errors were numerous and was largely responsible for most of the tallies during the afternoon.

The Sluggers made a total of ten hits with Price, Matula and Worcester as the star hitters. Guess also did well with the bat.

on the estimated 1933 average yield of 164 pounds of lint cotton per acre. Approximately 22 per cent of the total amount of \$512,674.00 to be paid the farmers was taken in the second option. The income of Milam county farmers would have been much more than the \$649,984.00 had they availed themselves of the second option and taken the \$30.00 profit on each bale of option cotton, as represented by today's market.

Milam county's estimated yield of 60,000 bales of cotton had a market value of \$1,800,000.00 based on a 6c price before the reduction plan went into effect. Deducting the 14,850 bales to be retired from the estimated yield of 60,000 bales, leaves 45,150 bales yet to be marketed at 12 cents per pound they represent a value of \$2,709,000.00. Adding this to the \$649,984.00 to be paid for the destroyed crop gives you an estimated value of \$3,358,984.00. The difference between \$1,800,000, the assumed value of the 60,000 bale crop at a 6 cent basis and the \$3,358,984.00 assumed value on the cotton acreage reduction plan, represents an amount of \$1,558,984.00 more money for Milam county by the farmers co-operation with the President on his new deal program. The difference is represented not by lack of co-operation and 6c cotton, but by co-operation and 12c cotton.

CONTRACT

intended to forward an individual acceptance to each farmer and warned them against plowing up their crop until this had been received.

Numerous requests for early plowing have been received, however, with many farmers believing that by planting at once they could grow a feed crop before the end of the season.

Another reason for approving early plowing was that in the lower portion of the cotton belt the harvest has begun and administrators are eager to see the crop destroyed before it is mature in order to eliminate prospects of cotton being picked on acreage which government will pay for having destroyed.

Accepting Sight Unseen
Administrators said their order means that offers to destroy a given area of cotton will not be scaled down, that when a farmer has agreed to plow up 10 acres and his contract has been approved as to estimated

QUICKER, BETTER
RELIEF from use of
Black-Draught

"I have taken Black-Draught, off and on when needed, for twenty-five years, for it is easy to take," writes Mr. George T. Wharton, of Petersburg, Va. "I take it for constipation and when I have that dull, tired feeling. I take it for colds and other complaints where a good laxative is needed, and I believe it gives me quicker and better relief than any other medicine I know. It certainly has been a help to me."

yield and other elements by county agents, the administrators are waiving their right under the contract to cut down the amount farmers may destroy to, for example, eight acres and to curtail payment to the farmer proportionately.

The order amounted to acceptance "site unseen" when contracts have not been received at tabulating headquarters here from counties where agents and committees are just winding up their inspections of the acreage offered. Agents have until Wednesday night to get the contracts into the mails.

Administrators estimated that more than 10,500,000 acres have been offered by farmers and that about 1,000,000 individual producers have signed contracts. They estimated that approximately \$100,000,000 will be distributed in cash payments to growers.

TRIBUTE

training was of that type which produces strong and noble character. When a young man he came to Milam county where he married Miss Dora Jungmann and they established a home and reared a fine family of sons and daughters who with a large family connection mourn the loss of this good man from the community which bears his family name. He lived on his farm near Buckholts and was a progressive and successful farmer who believed in thrifty management and diversification in agriculture.

Mr. Fuchs was a strong character and convictions and possessed the highest attributes of Christian character. He was ever ready to lend help to the widow and orphan and was always in sympathy with those in need. He was chaste in thought and language and his colleagues of the court never heard him utter a word unfit for the most refined ears. Duty was his watchword. His every effort was bent toward the improvement of the roads, highways and bridges over which he had supervision. His mind was constantly on ways and means to use the funds entrusted to his care for the best interests of the tax payers of that district and assisted by carefully selected men his success was marked. His sincerity, perseverance and cheerfulness endeared him to all who knew him. He was a true patriot of sound business judgment and his life of private good and public service may well be emulated for its many virtues.

"God bless the one whose day is done
God save us all, that we
May have it said when we are dead,
We lived as well as he."

Jeff T. Kemp, County Judge,
Milam County, Texas.

MRS. CORLEY

(Continued from page 1)

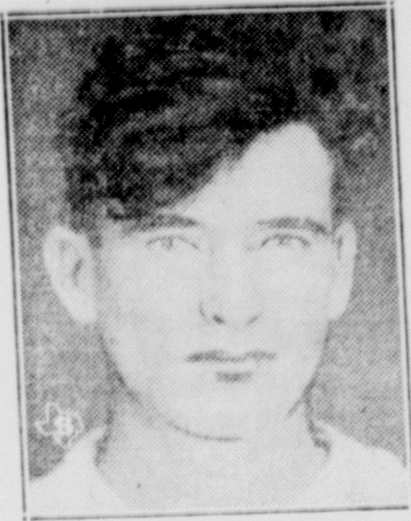

of the members of the Buckholts party had collected quite a bit of reading matter on the Century of Progress hence they knew just what they wanted to see, how, where and when. In that way they saw lots of the fair in only a short while.

There are several good articles in magazines about the fair, other valuable material may be obtained from the Chamber of Commerce also from the ticket offices of the different railroads.

It is impossible to see everything in a short while and too one grows very tired, therefore it is best to first see the things one is most interested in.

Aside from the fair there are many interesting and educational sights and trips in the city. The following are some of the many things seen and done by the different members of the Buckholts party: A trip thru the city which included seeing the big hotel, the big State Street stores, the Elks home, the University of Chicago, some of the churches, the home occupied at one time by Edith Rockefeller McCormick, the Wrigley building, the field museum, the art gallery, Grant Park, Lincoln Park, Garfield Park, Washington Park, the Fountain of Time, the Buckingham Fountain, the home in which little Bobbie Franks lived at the time he was so cruelly murdered, many beautiful homes of the wealthy families of Chicago, the beautiful Lake Shore Drive, where the business men step from their back yards into their private yachts and go to their offices in the city by water, homes down in the slums and seeing how they live there, dinner at the Black Hawk, said to be one of the best and most fashionable restaurants, dinner at the Drake Hotel where we were told that Queen Marie stayed while in Chicago, a trip by boat to Milwaukee, dinner at the Stevens hotel, a hotel with more than three thousand rooms if I remember correctly, lunch at the

This is Luke Trammel of Coleman, brother of Horace Starkweather Trammel, who was killed by possumen near Coleman. When Starkweather, known as "Doc," was shot through the head and killed, Luke surrendered. He faces eleven charges.

Parmer House one of Chicago's fashionable hotels.

Some of the members of the party were part-time guests of Mr. and Mrs. Bob Hudson. Mrs. Hudson will be remembered here as Miss Frances House and her friends will be interested to know she has a beautiful apartment in an exclusive part of the city apartments near the Lake Shore Drive.

To those interested in the expenses we will say that one can spend any amount. Aside from railroad tickets and hotel bills one can enjoy a nice time and see lots on \$10 per day if the trip has been carefully planned. One should not try to economize on a trip of this kind or they will see very little and come back disappointed.

Inside the fair grounds our party ate at the Japanese Tea Garden, the Check Restaurant, the Maxell House, in the streets of Paris, in the Belgium Village, at the Flower Show and other nice places. Meals are much higher inside the fair grounds than in the city.

To those who attend the fair the writer suggests that you see the diamond mine and see the crowns of the kings and queens. There are so many, many interesting and educational things to see we will not attempt to mention them here as space will not permit. A guide book may be obtained for 25 cents telling you what to see and where. A daily program may be obtained for 15 cents. These will prove very helpful to the sightseer.

FUCHS

(Continued from page 1)

Funeral services were held at the family residence at 3:30 Sunday afternoon, July 18, and at Hope Lutheran church in Buckholts at 4 in the afternoon. Green Bros of Cameron directed funeral arrangements and interment was made in Buckholts cemetery. Rev. P. Czerkus, pastor of the church conducted the funeral.

He is survived by his widow and 6 sons, Herman, Walter, Leo, Johnnie, Theo and Henry Fuchs; two daughters, Mrs. Otto Denker and Miss Dora Fuchs; one sister, Mrs. J. A. Jungmann, Buckholts; six brothers, H. E. Fuchs and P. F. Fuchs of Buckholts; Henry, John, Robert and Ed Fuchs of Washington county. Robert Fuchs is now representative in the legislature from Washington county, and P. F. Fuchs of Buckholts is a member of the Milam County Board of Education.

Early in life Mr. Fuchs engaged in farming and stock raising and had made a success of his business. His service as county commissioner had been characterized by conservative action, always insisting on the lowest possible tax rate and economy in expenditure of the public funds.

In a tribute to Mr. Fuchs in this issue Judge Jeff T. Kemp reviews his record at length.

His life had been spent in amiable relations with his neighbors and friends and was one of the inspiring examples of citizenship that will live always in the memory of the people among whom he lived and wrought.

Pageant Is Presented At Baptist Church In Cameron Sun. Night

The progress of Christianity in pageant was presented at the Baptist church Sunday night from talent within the church.

The story for the play was written by N. D. Timmerman, pastor of the church. It began with Saul and comprehended the spread of the Christian faith to modern times.

A. C. Strickland played the part of Saul while other leaders in the history of the faith were represented by John A. Smith, F. E. Jackson, Ida Byrd Mayfield, Ethel Skelton and James Markham. Verna Posey represented the spirit of sacrifice.

HOME COUNCIL IN MEETING JULY 18TH

With an attendance of 32 the Home Demonstration Council for Milam county met here Tuesday.

A special demonstration on canning equipment was held. Sealers and sealer adjustments featured the demonstration, which was given by Mr. McCain of the J. P. Dowell Company of McKinney.

Club women throughout the county brought in sealers for repair and adjustment. Special features of the Demonstration were: Improvement in canning equipment, featuring automatic sealer and canner; cutting off and refilling cans for second use; repairs and prices for repair parts.

The demonstration was concluded by a round table discussion of problems of canning. A special display was made of the sep-ro-siv for extracting tomato and fruit juices; potato peeler; pea sheller and tomato carving knife.

Representatives from 10 home demonstration clubs attended the meeting.

Tells How She Took Ins. Off Hips 7 Ins. Off Waist

In 40 days by taking Kruschen Salts, Mrs. Helga Blaugh of New York City reduced 26½ lbs.—took 4 inches off hips, 3 inches off bust and 7½ inches off waist. She writes: "I haven't gone hungry a moment—I feel fine and look 10 yrs. younger."

To get rid of double chins, bulging hips, ugly rolls of fat on waist and upped arms SAFELY and without discomfort—at the same time build up glorious health and acquire a clear skin, bright eyes, energy and vivaciousness—to look younger and feel it—take a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast.

One jar lasts 4 weeks and costs but a trifle at any drug store the world over. Make sure you get Kruschen because it's SAFE. Money back if not joyfully satisfied.

Little Hope Is Held For Fund Allotment To Milam County

At the Monday night meeting of the Chamber of Commerce, President Perkins reported a conference with the Highway Commission in Austin. He said the Commission would allot funds on a population basis and conditioned also on unemployment in the counties.

In the farm areas like Milam county, the unemployment situation is not acute as in counties of greater urban population. Such a policy of granting funds will result in Milam county obtaining only a small amount possibly enough to build an underpass at Rockdale on the I. & G. N. railroad and to pay engineering costs.

Only \$24,000,000 is available to Texas and under the most favorable conditions of grant not more than \$150,000 will be available.

The committee has had to abandon hopes of lateral road work, it was said.

Lower Motor Costs Seen After A. A. A. Test

Oil Consumption is Cut 28.5 Per Cent in Run at Indianapolis

DRASTIC reduction in the cost of auto operation is forecast as a result of motor oil tests conducted at the Indianapolis Speedway under auspices of the A.A.A. Contest Committee.

During these tests a new oil, developed by the Gulf Refining Company, obtained 28.5 per cent more miles to the quart . . . and cost 28.5 per cent less to use, when tested against three popular, high-grade brands familiar to every motorist.

Fords, Chevrolets, Plymouths and Buicks, picked at random from the streets of Indianapolis, were used in the four-day run. Each car traveled 450 miles a day at a constantly maintained speed of 45 M.P.H., using a different brand of oil each day. Oil consumption was rigidly checked by A.A.A. officials, and results were corrected for variations in temperature. The new oil, which out-performed the other oils by a wide margin, was made from a 100 per cent paraffin base, and is refined three steps farther than ordinary motor oils. Introduction of this advanced process marks a definite step forward in the refining industry and, it is believed, will result in decreased operation costs for the average motorist.

**Food Conservation Is
Program of Colored
Instructor Here**

A food conservation program is being sponsored by the colored vocational agriculture instructor, M. C. Sanders of Cameron. The principle products that are being canned are: corn, peas and tomatoes.

Mrs. J. H. Williams is leading in canning of garden vegetables. She has to her credit one hundred cans of corn, seven cans of cabbage and 13 cans of peas. She is being closely followed by Mrs. O. J. Thomas.

Ten pecan trees were recently bud-ded for Mr. J. D. Nelson, a negro farmer out at Griffin Chapel community with fine Mahan pecan buds. In a few more years he hopes to be a successful pecan grower.

Loveless Women in Suicide Pact

Forty days after buying a deadly poison, two young Dallas women, weary of lives that were jobless and loveless, drank the poison Friday night and died side by side. They were Mrs. Verna Fuller, 25, left, and Mrs. Hazel Stockman, 29, of Dallas. For two months they had been talking to friends and relatives about their "death pact," but everyone thought they were joking. They were wait-resses, but had been out of employment for several months. Each woman left a note for her estranged husband, saying she loved him and could not live without him. Almost identical were the notes left by the attractive young ladies; almost identical were the pajamas they had on when found dead; almost identical were their postures in death; almost identical were their marital careers, and identical were their exits from life.

Mrs. Stockman played with her 9-month-old baby boy, tucked him in bed and kissed him good-bye, a few hours before she took the fatal poison.

**K. of C. Agent Warns
Against Spread Of
Red Menace In U. S.**

Cameron Council Knights of Columbus held an open meeting Saturday night July 15, the guest of honor being the special agent of the order, Robert A. McKinzie, of San Francisco.

"After introduction by the Grand Knight Johnnie Andres, the speaker delivered an address on "Communism, Socialism and Anarchism." Mr. McKinzie spoke at length on the rapid spread of the Communist movement in this country, mentioning concrete examples to verify his statements, and showed how this movement was not only striking at the principles of our American government, but were also undermining the teachings and principles of Christianity.

Mr. McKinzie urged all Christians to be ever on their guard against these evil influences, particularly in these trying times of depression when the sparks of radicalism and discord are so easily sown. He also spoke on some of the works of the order, particularly the works of charity, correspondence schools and boys' work.

**Brenham Banker Is
Suicide Victim**

Brenham—D. C. Giddings, Jr., 45, president of the private banking firm of Giddings & Giddings here, was found shot to death in a rear room of the bank this afternoon.

Employees in the bank heard the sound of a shot and rushed to the room to find Giddings with a hole in his heart. A pistol was nearby.

He was a member of a pioneer family of this section. The Giddings & Giddings bank is the oldest private banking institutions in the state.

Mrs. Giddings is on a visit to Canada, and funeral plans will await word from her.

His father was one of the best known bankers in Texas.

**Can't Eat
Can't Sleep
Can't Work****A Sign You're Run-down!**

When your appetite has fled and you're so tired and nervous you can't even work, much less sleep, it's a sign you're run-down. It may be due to overwork, worry or sickness, but whatever it is, your condition calls for a good tonic. There is nothing better than Grove's Tasteless Chill Tonic, for it is iron and tasteless quinine combined. Iron, as you know, is a noted blood builder, while quinine tends to purify the blood. Thus you get two effects of vital importance in any run-down condition.

Old and young find new appetite, new strength and energy in Grove's Tasteless Chill Tonic. Try it for just three days and see the difference it makes in you. You feel like a new person. Grove's Tasteless Chill Tonic is pleasant to take and contains absolutely nothing harmful. Get a bottle today at any store.

Headquarters for Drug Ring and Murderers

Many secret compartments and secret rooms in the palatial two-story home of O. D. Stevens, northeast of Handley, Texas, were found by officers endeavoring to solve the triple murder mystery in Fort Worth last week. They claim that Stevens was head of the drug ring and also master mind of the \$71,000.00 mail truck robbery in Fort Worth last February. He has been charged with the triple murder and the mail robbery. In the lower left photograph Sheriff J. R. Wright finds a secret panel leading to a hidden room in the attic. In the lower right photograph City Detective Reams discovers a secret entrance to a hidden basement room. Narcotics worth thousands of dollars were found.

Baptist Will Gather At Independence On August 6; Reunion

Independence Homecoming Association has announced August 6 as homecoming day for all ex-residents of Independence and Washington county and their friends, all ex-students of Baylor university and Baylor female college. Dr. M. M. Wolf, pastor of South Main Baptist church of Houston, will be guest speaker.

Independence was the home of Sam Houston at one time, and the hero's wife and mother-in-law are buried across the street from the old Baptist church, where the homecoming is to be held. Silver in the old bell at the Baptist church was furnished by Houston's mother-in-law. The church itself is the oldest Baptist church in the state and the second one organized in the state.

Guests are asked to bring basket lunches, which will be served at noon. Speaking, singing and reminiscing will feature the day's program.

Flood Control Must Be Financed 70 Per Cent By Land Men

There will be no complete grants for flood control or soil conservation in Milam county or anywhere else. Land owners must pay 70 per cent of cost on all such projects. The government will grant 30 per cent only.

Definite refusal of the government to accede to the request of the Chamber of Commerce Committee for a 100 per cent grant, has been received.

It was known from the beginning that the government would not make such a grant. The committee, it was said, made a hopeless request of the government. Congressmen and Senators were asked to aid.

A conference has been arranged with Congressman Johnson in Corsicana on Friday, July 21 to discuss with him the flood control project. Senator Tom Connally assured the committee he will co-operate in every way.

The committee will hold a conference with M. R. Bentley of A. & M. College about the location of a reforestation camp in the county, on Little River, for the second six month period of the government program.

Buckholts First Bale Sold For 12 Cents

The first bale of 1933 cotton was ginned in Buckholts by R. Kenke and was sold for 12 cents per pound with a \$12 premium raised for him. The bale was purchased by Thomas Blinka and was ginned by the Modern Gin Company.

John Stasa, manager of the Farm Bureau gin announces installation of a new Diesel engine costing \$6000. It is a 120 horse power engine and weighs 17,000 pounds.

Bill Clark was a business visitor in Houston Monday.

Visitors were: Mesdames Rudolph Stutz, Julius Hertenberger, A. W. Robbins, H. C. Burk, S. M. Burns, J. E. Chapman, W. W. Caddell, Graham Gillis, Oscar Patillo, W. A.

Walter Fuchs Named Commissioner; Will Succeed His Father

Walter Fuchs, 32, of Yarrellton, will succeed his father, the late Herman Fuchs, as Commissioner for Precinct No. 1, Milam county.

He was appointed to this place by Judge Jeff T. Kemp, county judge, to succeed his father for the unexpired term. Herman Fuchs died at his home near Buckholts and was buried Sunday.

Bond in the sum of \$1000 to the County Judge and \$3000 to the treasury of the county were made by Walter Fuchs and were approved Monday afternoon.

The late Herman Fuchs was appointed to the office by Judge Kemp in 1924 to fill out the unexpired term of J. H. Reeves now with the highway department.

How Cardui Helps Women

"Mal-nutrition" means that your body is not getting enough to keep it up, so that what it has to do is not done well. You may not be eating enough to keep up the work of the body, or there may be something wrong that keeps you from getting full value from the food you eat.

Because of mal-nutrition, some women have aches and pains every month. Such pains should not be neglected.

Take Cardui to give you a better appetite, to give you more strength from the food you eat—to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui.

Harvest Time Is Here

The FIRST BALE IS IN and others are on the way. Soon the movement will be under way.

This bank offers to farmers its unusual facilities in handling their cotton business. You will find us ready and willing at all times to co-operate in every way.

Right at the beginning of the season we invite you to establish connection with this bank and you will find that at the end of the season you will have profited much by conducting your farm harvest season with the aid of modern banking facilities.

Whether the farmer, stock man, merchant or manufacturer, this bank's service understands every need.

Big enough for responsibility, interested enough to comprehend the needs of the small depositor.
